

# CHRISTMAS AT THE SLATE

---

The Slate is opening its doors as a magical winter wonderland for you and your team to celebrate the year in style. As you may know, we at Warwick don't do things by halves, so get ready for a stunning evening of entertainment this December. We won't let you go out without a bang.

Expect the entrance of the venue to be masqueraded by a foliage of enchanting evergreens, that will lead guests into the venue's foyer area. From here you will be welcomed by either a glass of Prosecco or a warming glass of Mulled Wine to begin the night with a drop of festive spirit.

To greet you, our plasma screens will add further warmth and fervour to the evening whilst they play either a roaring fire, or scenes from a nostalgic black and white movie.

The party will then be guided through to the heart of the venue, where we will serve an array of refreshments from our feature igloo bar. The dazzling snowflake lighting will create a magical atmosphere for guests to enjoy.

Guests will then enter the main dining room to enjoy a delicious three course banquet of festive favourites. Here the ethereal beauty of the Christmas season will be brought to life with festive lit trees, whilst the mirroring table centre pieces (that can be lit to the colour of your choice) will be accompanied with traditional Christmas crackers for the ultimate winter setting.

The festivities don't stop there. The party will continue on the white dazzling dance floor with a dedicated DJ for guests to dance the night away. The main foyer bar is also available until midnight to keep guests in good spirit.

To enhance your night further, why not hit the slopes on our virtual ski slope on a green screen to achieve that ultimate après-ski ambience? Just let us know if this is something you would like to add to your package.

Midnight nibbles? At an additional cost, we can provide an assortment of late night snacks or even a famous Bratwurst hotdog to soak up all of the excitement.

The price of this Christmas extravaganza costs only £49.00 + VAT per person.

We can't wait to work with you to create an unforgettable Christmas party night that your team will always treasure.
